Hi, I'm **yash shukla**

Future Software Engineer and present Full Stack Developer . As a 2nd Year BCA student, I'm actively working on projects to bridge the gap between academic theory and industry-level web development.

About Me

I am a dedicated **2nd-year BCA student** and an aspiring **Full Stack Developer** with a strong passion for problem-solving and building scalable web applications.

I have built multiple projects using React and modern web technologies. My solid foundation in **Data Structures & Algorithms** allows me to write efficient, clean, and optimized code.

Currently, I am seeking an **internship opportunity** where I can apply my technical skills, gain industry exposure, and grow as a software developer.
